Medicare Questions? Let's Talk!

Are you wondering whether your Medicare plan is still the right fit? Have questions about supplemental coverage, prescription benefits, or changes to your plan? You're not alone!

Residents and families are invited to join our special guest, Angela Brown, a healthcare consultant, for an informative conversation about Medicare options, important coverage considerations, and questions to ask during Open Enrollment. Gain helpful insights to better understand your choices and make confident decisions about your healthcare coverage.

Come prepared with your Medicare and insurance questions, your insurance cards (if you'd like help identifying your current coverage), and an open mind and a little hope! Let's replace confusion with clarity and myths with facts!

Please keep your insurance cards and personal information secure. Do not share Medicare numbers or sensitive information in a group setting. Individual coverage questions can be discussed privately with an appropriate advisor.
