Colors of the Heart: A Watercolor Reflection

Our Memory Care Café is a warm, welcoming gathering for individuals living with memory loss and their caregivers—both within our community and beyond.

Come join us for a gentle and creative Memory Café where we use watercolor painting to express how we're feeling in the moment.

Through color, movement, and imagination, we'll explore emotions in a way that words sometimes cannot capture. No artistic experience is needed—just a willingness to create, reflect, and connect in a warm and supportive space.

Light refreshments will be provided.
