Gratitude Gathering: Coffee House Conversations

Join us for a warm and welcoming November Memory Café centered on **gratitude, memories, and connection**. Caregivers and their loved ones will enjoy a **cozy coffee bar, festive Thanksgiving punch, and individual popcorn snack bags** while gentle music from our music therapist creates a peaceful backdrop for conversation and creativity.

Our reflection prompt for the gathering will be:
“Who taught you what it means to be thankful?”
Together, caregivers and their person will create a beautiful seasonal craft while sharing stories, listening to music, and simply enjoying time together. There are no right answers and no expectations—just space to reminisce, create, laugh, and connect.

***Come for gathering. Stay for the connection.
Leave with a memory created together.***
