## *Medicare Open Enrollment: Know Your Options*

Medicare Open Enrollment is here! Is your current coverage still meeting your healthcare needs? Join us for an informative presentation with our special guest, SHIP (State Health Insurance Assistance Program), to learn more about Medicare, explore coverage options, and feel confident making informed healthcare decisions.

We'll discuss Medicare coverage options, Medicare Advantage versus Original Medicare, prescription drug coverage, and important questions to consider before making changes.

Bring your questions and curiosity! Resident and family members are warmly invited. Knowledge is power. Make informed choices about your healthcare coverage!

*This is an educational event for our residents and families with no obligation to change your current coverage.*
